

Shirley Johnson's Discography:

"....she's worked enough crowds to understand the value of restraint, and delivers her lines with that smoldering undercurrent of menace that gives the best blues such a delicious sense of danger."

(BlogCritics.com)

"...Shirley also possesses a dynamic range that roars and then purrs like a sultry kitten on the softer sides of this CD."

(Chicago Blues Guide)

"Shirley Johnson's blues is a bit of a curveball. There's a certain happiness about it, a pervading sense of joy that entices you to dance."

(Popmatters)

"...Johnson is a SINGER--her voice is rich and wide and deep. She is a 15+ year veteran of the Chicago blues club scene, and on this disc the arrangements harken back to that classic soulful Delmark sound..."

(Sunday Night Blues Project)

"Fourteen tunes with nary a clinker in the bunch, this is first-class straight ahead Chicago and wholly impressive."
(mnblues.com)

"There's no doubt about her vocal diversity as she moves effortlessly between guitar and vocal blues styles."
